

National Wildlife Federation Presents Eco-Schools USA Climate Change Connections

**Integrating Climate Change Science and Applications Within the
Eco-Schools USA Framework Utilizing NASA Data and Educational Resources**

**In Collaboration
with the
Following Partners**

POWER

Prediction Of World Energy Resources
Langley Research Center

CHICAGO BOTANIC GARDEN

Eco-Schools USA Climate Change Connections

NWF's Eco-Schools USA Program Management

Principal Investigator

Senior Director, Laura Hickey

Co-Principal Investigator

Associate Director, Elizabeth Soper

**Co-Principal Investigator/
Science Program Manager**

Amanda Staudt, Ph.D.

Program Manager

Jennifer Murck

NASA Collaborators

**SAIC, Hydrospheric and Cryospheric
E/PO Specialist and ICESat Mission
Education Lead**

Brian Campbell

LandSat Mission E/PO Specialist

Anita Davis

AQUA Mission E/PO Specialist

Steve Graham

Terra Mission E/PO Specialist

Holli Riebeek

Consultants

NASA LaRC Science Directorate

Paul Stackhouse, Ph.D.

Chicago Botanic Garden

Jennifer Schwarz-Ballard, Ph.D.

PEER Evaluators

Rachel Becker-Klein

Eco-Schools USA Staff:

Curriculum Writer

Amanda Staudt, Ph.D.

Curriculum Writer

Jennifer Hammonds, M.Ed.

Table of Contents

Lesson 16	16-1 to 16-5
Standards and STEM Connections	16-5 to 16-6
Essential Questions – Answer Key	16-7 to 16-8
Assessment – Essay	16-9
Assessment – Concept Quiz	16-10 to 16-12
Using Reading Resources as an Assessment Tool	16-13 to 16-14
Assessing Science Notebooks	16-15 to 16-15
