

Take another look. Can you find two sea otters that are the same?

Hi! I'm Oscar. Which of these sea otter facts are true and which are false?

#1

Sea otters love to eat cheeseburgers.
True or False?

#2

Sea otter pups have built-in "life jackets."
True or False?

#3

Sea otters wrap themselves in seaweed.
True or False?

#4

Sea otters carry the food they collect in their mouths.
True or False?

Answers

- 1. False.** Sea otters eat foods they find in the ocean, such as clams, crabs, and sea urchins.
- 2. True.** Newborn sea otters have extra-thick fur that lets them float before they learn how to swim.
- 3. True.** Sea otters wrap themselves in seaweed so they don't float out to sea while they are sleeping.
- 4. False.** When sea otters bring food up to the surface, they carry it in pouches under their front legs.
