

NATIVE OR NOT?

“America’s Least Wanted” (pages 34-39 in the May 2009 issue of *Ranger Rick*) tells you about some *invasive species* that are making trouble for *native species*. Can you tell the natives from the invasives in your area? Find out more about both kinds of species by checking field guides, going online, or visiting a nature center. Then see if you can find any in *your neighborhood*. Draw and describe one native and one invasive species below.
