

Where do hurricanes happen?

There are six regions of the world where hurricanes (tropical cyclones) are likely to occur. Label these on the map below after you look at the "Map of Tropical Cyclones 1985–2005". Choose a different color for each region and color the part of the ocean where hurricanes are likely to occur. Fill the colors into the key below.

- | | | | |
|--------------------------|--------------------|--------------------------|----------------------|
| <input type="checkbox"/> | East Pacific Ocean | <input type="checkbox"/> | Southwestern Pacific |
| <input type="checkbox"/> | West Pacific Ocean | <input type="checkbox"/> | North Indian Ocean |
| <input type="checkbox"/> | North Atlantic | <input type="checkbox"/> | South Indian Ocean |
