

# THE HEART OF NATURE

In February, hearts seem to be everywhere. Do you think you could find some outside in nature? Take a close look at rocks, tree branches, bark, snow piles, clouds, and other things to see if you can spot some heart shapes.

<b>Your Environment:</b>	<b>Helpful Things to Take Along:</b>
Date: _____ Time: _____ Location: _____ Weather: _____	✓ Colored pencils/crayons ✓ Camera

In the boxes below, paste photos or draw pictures of the hearts you find.  
Then share them with the people you love!
