

COLORS OF SPRING

Each season has its special colors. There are the oranges and reds of fall. There are the stark grays and whites of winter. What are the colors of spring? Let's go out and see!

Keep a Record!

Date _____ Time _____

Location _____

Weather _____

Helpful Things to Take Along:

- Crayons or colored pencils
- Field guides to wildflowers, birds, trees, etc. (if you want to look up their names)

Springtime brings buds, flowers, leaves, flitting birds, and many other colorful things. For each of the boxes below, find something outside with a color that makes you "think spring." Draw it, color it if you like, and write the name of its main color.
